Received 25 JUL 1921 GOVT OF MADRAS 192 . *Registered* 192 .

Subject. Submitting for the Administrative approval of Government plans and estimate for the construction of six additional cells in the Subjail, Bangalore.

No.

From (*Name*) Major G.W.Macnachie, I.M.S.,

(*Designation*) Officiating Inspector-General of Prisons.

To The Secretary to the Government of Madras,

LAW (GENERAL) Department.

FORT ST. GEORGE.

Sir,

I have the honour to submit for the administrative approval of Government, plans and estimate, the latter amounting to Rs. 7,000/- for the construction of six additional cells in the Subjail, Bangalore.

2. The present accommodation of the Subjail is for 44 males and 21 females, besides hospital accommodation for 18 prisoners.

3. One of the male wards which accommodated 18 prisoners has recently been converted into a dispensary and the accommodation available for male prisoners at present is for 44. Even before this, the accommodation was found at times to be insufficient, but now that all prisoners sentenced up t

three months in the Courts of the South Kanara District are committed to the Subjail, it is considered necessary to provide increased accommodation. Moreover, the number of cells at present available in the subjail is only 6, which are found to be inadequate when lepers, lunatics, juveniles and prisoners of desperate character, who are to be separately locked up, are admitted. It is therefore proposed to increase the accommodation by building six additional cells.

5. The cost of the estimate can be reduced, if the dimensions a cell, viz., 12' x 8', as recommended by the Indian Jails Commit is adopted.

6. There is no provision in the Civil Works Budget Estimate f 1921-1922 nor can the amount required for the work, be re-appropriat from other sources. The work may be sanctioned for execution during 1922-1923.

I have the honour to be,

Sir,

Your most obedient servant,

Major, I.M.S.

Sir,

With reference to Law (General) Memo No.2705-1, - - dated the 16th August 1921, I have the honour to furnish below the daily average population in the Sub Jail, - - Mangalore, for the last two years. This information is available in Statement G appended to Annual Administration Reports of the Jail Department.

LETTER.

No. 2864 Mis 5-1 dated 7.10 1921.

Sir,

Since in para 529 of their report the Jail Committee have expressed the general suitability of the present type of jail cells, I have the honour to enquire if in view of the additional ventilator now proposed in the front wall of the cell it is also necessary to increase the door from 2½' x 6½' to 4' x 7'.

The former type design had only one ventilator 4' x 1½'. The new type has 2 ventilators 4' x 2' each. In these circumstances no alteration of size of door seems necessary in Madras Province.

The proposed new door is nearly 12 square feet larger than the old type and costs Rs.119 more, which

rather
seems extravagant.

Sir

With reference to your letter No.2864 Wks-E-1 dated the 27th October 1921, I have the honour to state that in my opinion it is not necessary to enlarge the cell door from 2½' X 6½' to 4' X 7' in view of the fact that two ventilators are to be provided, of larger size than - - - previously.

I. The acting Inspector General of prisons submits for administrative approval the marginally noted plans and estimates amounting to Rs.7660 for the construction of six additional cells in the Sub jail, Mangalore.

(1) Plan of proposed cells W.C.No.22/1921 Rs.7660

(2) Site plan W.C. No.21/1921.

Rs.7660

The Indian Jails Committee however, have, in para 529 of their report, recommended a reduction in the width of the existing cell from 8' 6" to 8' 0" and an increase in the size of the door from 2' 6 3/8"x 6' 6" to 4' 0"x 7' 0".

II. In view of the proposed additional ventilator in front over the door, the Inspector General of Prisons who was addressed about the necessity for a change in the door size etc, has replied that it is not necessary. A fresh design C.E/T.S.No.33/1921 showing all those modifications and a Mangalore tiled roof over corrugated iron as approved by the Inspector General of Prisons Jails has therefore been prepared in this office. This design is estimated to cost about Rs. 8500 and is recommended for adoption in place of W.C.No.22/1921 prepared by the Executive Engineer.
